

GREAT WEST CASUALTY COMPANY

The Difference is Service®

Louisiana Fleet Safety Award Program

ABOUT THE LOUISIANA FLEET SAFETY AWARD PROGRAM

The Fleet Safety Awards are an annual recognition for carriers operating in the State of Louisiana with the best safety record in its class. This is an opportunity to reward the professional efforts of our trucking members who help make our state's highways safe. Also, this award offers you a chance to let your drivers know the importance of their contribution to your company's safety accomplishments. This competition stresses the importance of safety, recognizes professionalism, and focuses on principles behind safety driving.

Winners will be acknowledged at the Louisiana Truck Driving Championships Awards Banquet.

Please plan to have a representative from your company attend this year's banquet.

GREAT WEST CASUALTY FLEET SAFETY AWARDS RULES & REPORTING REQUIREMENTS

- A separate report must be filed for each division representing a different type of service performed within the state.
- A plaque or other suitable recognition will be awarded for the lowest accident frequency ratio in each of the divisions.
- A panel of judges selected by the LMTA Safety Management Council shall judge all entries and determine all winners. A special award of "Most Improved," may be awarded to selected applicant(s) for their recorded improvements in fleet safety. In addition, the panel will select a "Grand Champion," who will be awarded a 92% lead crystal truck mounted on a walnut base. This awards considers the following factors:
 - 1.) Accident Frequency
 - 2.) Overall Safety Program
 - 3.) Year-end Accident Results
 - 4.) Improvement in Safety Record

Except as noted below, all accidents (not just DOT recordable) must be reported. This is regardless of preventability or non-preventability, in accordance with the standards set forth in *Trucking Industry Guidelines for Recording Fleet Vehicle Accidents and Determining Preventability*.

Accidents not reportable include:

- 1.) Those involving fleet operated passenger cars & miscellaneous vehicles (i.e. service trucks, wreckers)
- 2.) Those in which the fleet vehicle was legally parked
- 3.) Debris thrown up by a vehicle's tires
- 4.) Objects falling from over head
- 5.) Certain collisions with animals

To be eligible for an award, you must count **all accidents** towards your accident frequency rate, **not just DOT recordables**, regardless of severity, who was killed or injured, who was at fault, or where the accident occurred

Calculating Frequency Rates:

Frequency rates shall be rounded to the nearest hundredth (two decimal places) as determined by the following formula:

$$\text{FREQUENCY} = \frac{\text{Total Fleet Vehicle Accidents for Louisiana} \times 1,000,000}{\text{Total Fleet Vehicle Miles Traveled in Louisiana in 2023}}$$

ALL ENTRIES MUST BE RECEIVED BY THE DEADLINE.

Please upload forms & materials by email to lmata@lmata.la.

If you have any issues please email [LMATA at lmata@lmata.la](mailto:LMATA@lmata.la) or call the office at (225) 928-5682.
