HB 526	H	LA	DAMAGE CAPS	2026 Regular Session Introduced 2/26/2026 Sponsors (1)	Support	Hearing: Apr 7 at 9:30 AM in Room 4 LMTA sponsored bill that caps general damages at \$500,000: The bill establishes a cap of \$500,000 on general damages in most actions, which could limit the financial exposure of truckers and their insurers in lawsuits, potentially reducing insurance premiums. Higher Cap for Severe Mental Injuries: While the cap increases to \$1,000,000 for cases involving permanent mental injuries that severely impair employment or standard of living, this limitation still provides predictability in litigation costs compared to uncapped damages. Exemptions for Severe Physical Injuries: The bill excludes cases involving permanent and severe		https://www.legis.la.gov/legis/BillInfo.aspx?s=26rs&b=HB526&sbi=y

Bill Tracking

Number	C	St	Title	Session	Position	Last Action	Comments	Source
						physical injuries from the damage caps. This ensures that truckers are not unfairly penalized in cases where injuries are catastrophic, potentially leading to more balanced outcomes in litigation.		
						Protection Against Excessive Awards in Non-Malicious Cases: The bill specifies that the damage caps do not apply if the tortfeasor's actions are found to be intentional or malicious. This distinction could protect truckers from disproportionately high awards in cases where their actions were not intentional or malicious.		
						Potential Reduction in Insurance Premiums: By capping general damages, the bill could lead to lower liability exposure for truckers, which may result in reduced insurance rates over time as insurers face less risk in covering claims.		
						States like Mississippi and Oklahoma have damage caps.
